- Copy shops
- Photo labs

EXPRESS MINI™

Ultra-compact, portable book binding station
Up to 12"x12" book format
Binds both single-sided and duplex prints
Creasing and folding tool included

New ultra-compact binding station

The new Fastbind Express Mini is a new, ultra-compact, portable bookbinding station. Make beautiful hardcover books quickly and easily, up to 12"x12" format. The Express Mini is an excellent choice for small binding needs for any office, copy shop or photo lab.

For duplex and single-sided prints

The Express Mini is designed to bind both single-sided and duplex prints. With the new MountingWall system, you bind single-sided prints to a premium 180 degree opening, layflat FotoMount albums. Use quick-and-easy BooXTer binding to bind duplex prints into strong and beautiful books.

Creasing & folding tool included

Handheld creasing tool included, for creasing and folding prints of FotoMount albums.

Binding single-sided prints

Use Fastbind FotoMount binding for single-sided prints. With the new MountingWall system, it's easy to make exclusive-looking FotoMount binding.

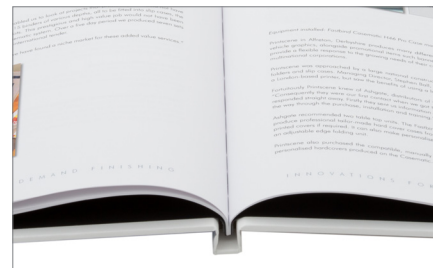

180-degree-opening layflat albums

FotoMount is an optimal choice for high-end business portfolios and premium photo albums.

Binding duplex prints

Use quick-and-easy BooXTer binding for duplex prints. The blue guide fingers in front ensure perfect alignment of both book block and staples.

Strong and beautiful books

BooXTer-bound books are beautiful and strong. No worries about loose-leaf binding.

Cover mounting

Covermounting is easy and quick with preglued end sheets and position magnets.

Creasing

With the ruler and position magnet you can easily crease your prints accurately by using the handheld creasing tool.

Fastbind PrintMount Covers™

Use the new Fastbind PrintMount Covers to make personalized hardcover books quickly and easily. Covers have a glue sheet in the front cover for easy mounting of cover prints. You can make personalized covers even with a standard A4 printer or small photo lab machine.
