DOCUMENT BINDING CAN BE SO EASY.

REVOLUTIONISES DOCUMENT BINDING IN THE OFFICE

EASY LINE

EASY LINE revolutionises document binding in your office

If staples are too cheap and thermal or wire binding is too complicated, but you still want to present your documents professionally, the EASY LINE BINDING SYSTEM is the perfect solution.

With the OPUS EASY LINE BINDING SYSTEM, documents, contracts, reports, expert reports, financial reports and much more can be bound quickly and easily in an elegant way as soft or hard covers.

All you need is the OPUS EASY 120 binding machine
OPUS easyCover softcovers.

OPUS EASY 120 binding machine

- is a manual bookbinding machine
- easy to handle
- fast - complete bindings in less than 10 se
- can be used independently, as it works wi
- therefore inexpensive but still flexibel
- for documents from 1 to 120 sheets (80 g/m²)
- as softcover, hardcover or individualised hardcover possible - stable and durable bindings
- without additional accessories

Opus Easy 120

Art.-No. 04000120

It's that simple:

- document thickness is simply measured on the machine
- select the appropriate binding folder and load it with the material to be bound - place the folder in the machine
- press the lever 2 times to clamp the folder
- remove finished binding

DOCUMENT BINDING CAN BE SO EASY.

REVOLUTIONISES DOCUMENT BINDING IN THE OFFICE

EASY LINE

The EASY LINE BINDING SYSTEM uses binding covers with metal channel, which are pressed in a few seconds with the small and handy binding device EASY 120. Binding from 1 to 120 sheets is attractive, stable and durable.

For the EASY LINE BINDING SYSTEM, high-quality softcovers with transparent crystal-clear or satin-matt anti-reflective cover foils and coloured metal channels are available.

The EASY 120 clamp binding machine can also be used to bind hardcovers and individualised hardcovers of the MetalBind series up to 13 mm.
